PROFESSIONAL SUMMARY

MERN Stack Developer with 1+ year of hands-on experience building responsive, accessible, and performance-optimized web applications using React.js, Next.js, JavaScript (ES6+), and Tailwind CSS. Delivered four live websites across edtech, admissions, healthcare, and consulting, including Razorpay payments and Google OAuth sign-in. Skilled at turning Figma designs into clean, reusable components, improving SEO and Lighthouse performance, and collaborating with cross-functional teams in Git-based workflows.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), HTML5, CSS3

Frameworks & Libraries: React.js, Next.js, React Hooks, React Router, Redux Toolkit, Zustand, Framer Motion

Styling: Tailwind CSS, Bootstrap, Responsive Web Design, Flexbox, CSS Grid

Tools & Platforms: Git, GitHub, Vercel, Vite, VS Code, Chrome DevTools, npm, Razorpay, Google OAuth

Concepts: REST API Integration, Component-Based Architecture, UI/UX Principles, Cross-Browser Compatibility, Performance Optimization, SEO Basics, Agile/Scrum Basics

Design & Productivity: Figma (basics), Canva, MS Word, MS Excel, MS PowerPoint

AI Tools: Claude, ChatGPT

PROFESSIONAL EXPERIENCE

MERN Stack Developer | Averno Tech, Delhi, India — Jun 2025 – Present

- Built and maintained responsive, mobile-first web interfaces with HTML5, CSS3, and ES6+ JavaScript, ensuring consistent performance across devices and browsers.
- Developed reusable, modular React.js components styled with Tailwind CSS, establishing a consistent design system across multiple client projects.
- Partnered with UI/UX designers to translate wireframes and mockups into pixel-perfect, production-ready interfaces.
- Used Git and GitHub for version control and code reviews; improved page performance and resolved cross-browser compatibility issues.

PROJECTS

Codiva Academy — Online Coding Institute Platform

Tech: React.js, Vite, Tailwind CSS, Razorpay, Google OAuth | Live Demo: codivaacademy.com

- Built a full-featured edtech platform for live, mentor-led coding courses with Courses, Course Details, Certification, Blog, and Contact pages, connected to a REST API backend.
- Integrated Razorpay checkout for course enrolment and Google OAuth sign-in; developed a student dashboard, an admin panel, and certificate verification by certificate number.
- Boosted SEO with city-wise landing pages, JSON-LD structured data, and Open Graph/Twitter meta tags; strengthened security with a Content Security Policy and sped up loading with non-blocking fonts.

AdmissionHub — Admission Guidance Platform

Tech: Next.js, React.js | Live Demo: admissionhubs-main.vercel.app

- Built a multi-page platform (Home, About, Universities, Courses, Counseling, Blog, Contact) helping students explore and apply to UGC-approved universities.
- Created reusable university and course cards showing fees, placement, average salary, and duration so students can compare options at a glance.
- Implemented lead-capture counseling forms with course-interest selection, WhatsApp/call CTAs, a 4-step admission process, FAQs, and testimonials to drive enquiries; added SEO and Open Graph metadata.

Al Mustafa Medical Tourism — Healthcare Website

Tech: React.js, Tailwind CSS | Live Demo: al-mustafamedicaltourism-nu.vercel.app

- Developed a responsive, patient-focused website for a medical tourism service connecting international patients with top hospitals and experienced doctors across India.
- Designed a clean, mobile-friendly layout highlighting personalized care to build patient trust; configured SEO meta descriptions and Open Graph metadata to improve search visibility and social sharing.

Tech Shashtra Solutions (TSS) — Company Website

Tech: React.js, Tailwind CSS, Framer Motion | Live Demo: tech-shastra.vercel.app

- Built a multi-page website for a quality management, engineering, and business consultancy firm, with service pages driven by a single centralized services data source.
- Developed a multi-level navbar with hover dropdowns and a mobile accordion, plus blog detail pages styled as engineering inspection reports with a sticky table of contents.
- Designed a dark-navy blueprint theme with Tailwind design tokens and scroll animations (IntersectionObserver, Framer Motion); improved performance through Lighthouse audits, WebP images, React.lazy, and LCP preloading.

EDUCATION

Bachelor of Arts (B.A.) — University of Delhi 2022 – 2026

Deen Dayal Upadhyaya College, Dwarka, Delhi

Class XII — CBSE Board 2022

Class X — CBSE Board 2020
