PROFESSIONAL SUMMARY

Frontend Developer with hands-on experience building responsive, accessible, and performance-optimized web interfaces using React.js, JavaScript (ES6+), and Tailwind CSS. Skilled at translating UI/UX designs into clean, reusable components and collaborating with cross-functional teams to deliver pixel-perfect, cross-browser compatible products. Strong foundation in modern frontend tooling, version control, and best practices, with a continuous-learning mindset.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), HTML5, CSS3

Frameworks & Libraries: React.js, React Hooks, React Router, Redux Toolkit, Framer Motion

Styling: Tailwind CSS, Bootstrap, Responsive Web Design, Flexbox, CSS Grid

Tools & Platforms: Git, GitHub, VS Code, Chrome DevTools, npm

Design Tools: Figma (basics), Canva, MS Word, MS Excel, MS PowerPoint

Concepts: REST API Integration, Component-Based Architecture, UI/UX Principles, Cross-Browser Compatibility, Performance Optimization, Agile/Scrum Basics

PROFESSIONAL EXPERIENCE

Frontend Developer Intern — Koncept Software Solutions *Delhi, India | 6-Month Internship*

- Built and maintained responsive, mobile-first web pages using HTML5, CSS3, and modern JavaScript (ES6+), ensuring consistent performance across devices and browsers.
- Developed reusable, modular UI components in React.js and styled them with Tailwind CSS to maintain a consistent design system across multiple client projects.
- Partnered closely with UI/UX designers to convert wireframes and mockups into pixel-perfect, production-ready interfaces.
- Used Git and GitHub for version control and collaborative code reviews; optimized page performance and resolved cross-browser issues.

PROJECTS

Personal Portfolio Website *React.js, Tailwind CSS*

- Designed and developed a fully responsive personal portfolio with reusable React components and smooth navigation; deployed on GitHub Pages.

CRM Application *React.js, Redux Toolkit, Redux-Persist*

- Built a full-featured CRM with Redux Toolkit slices for leads, employees, customers, follow-ups, and tasks, migrating filter state from local component state into Redux to persist across navigation.
- Implemented global search across all Redux slices in the Navbar with debouncing and keyboard shortcuts, and configured redux-persist with a custom localStorage adapter for Vite compatibility.

Deepak Printer — Business Website Clone *React.js, React Router, Tailwind CSS*

- Developed a single-page printing business website with React Router-based scroll navigation, a responsive ContactHero, and a contact form with Google Maps embed.
- Built reusable patterns including a useScrollReveal hook, RevealOnScroll wrapper, route-level lazy loading, and ScrollToTop for smooth route transitions.

Tech Shashtra Solutions (TSS) — Company Website *React.js, Tailwind CSS, Framer Motion*

- Built a multi-page website for an engineering and business consulting firm, including a Navbar with dropdown blog menu, animated Blog listing cards, and a BlogDetails page styled as an engineering inspection report with a sticky table of contents.
- Designed a precision-engineering visual theme with blueprint grid backgrounds and a dark navy palette, using IntersectionObserver-based scroll-reveal animations and Framer Motion transitions across the site.

EDUCATION

Bachelor of Arts (B.A.) — University of Delhi *2022 – 2026*

Deen Dayal Upadhyaya College, Dwarka, Delhi

Class XII — CBSE Board *2022*

Class X — CBSE Board *2020*
